

Gloucestershire
COUNTY COUNCIL

**Enabling Early Years Settings
to understand and use the
Early Years Foundation Stage
Profile data 2013**

**Reviewing the outcomes in each
Gloucestershire Locality**

Introduction

Following an independent review of the EYFS by Dame Clare Tickell, a new Early Years Foundation Stage Profile was published for implementation for the 2012/13 school year.

The new Profile and revised EYFS have a stronger emphasis on the three prime areas which are most essential for children's healthy development: communication and language; physical; and personal, social and emotional development. The new Profile made changes to the way in which children are assessed at the end of the EYFS and requires practitioners to make a best-fit assessment of whether children are emerging, expected or exceeding against each of the new 17 early learning goals.

The new Profile was introduced in September 2012 and the first assessments have taken place this summer. The new Profile's 'emerging', 'expected' and 'exceeding' scale are very different to the previous Profile's 117 point scale and the number of early learning goals has been reduced. This will lead to a break in the time series as the results will not be comparable between 2012 and 2013.

As a result, comparisons of EYFSP results for 2012-2013 with any historic data is not appropriate.

Who is this document for?

This document has been produced for the following early years settings in Gloucestershire: pre-schools, day care and childminder settings.

Who has produced this document?

This document has been produced by the Early Years Team. The team website can be accessed here <http://www.gloucestershire.gov.uk/earlyyearsteam>. The vision of the team is “Only the best is good enough for Gloucestershire’s children and families. We work in partnership with others to empower practitioners to enable each child to be happy and fulfilled”.

What is this document about?

This document has been produced to give you an overview of the outcome of the Early Years Foundation Stage Profile assessment completed in your locality for 2013.

What is the Early Years Foundation Stage Profile?

The Early Years Foundation Stage Profile (EYFSP) is a teacher assessment, based on the statutory Early Learning Goals, that records a child’s development at the end of their first year in school. The EYFSP provides information to the next class teacher so that they can plan appropriately for the child as they move into the next year group. The EYFSP is also designed to give parents or carers information about their child’s development against the Early Learning Goals.

Why is this information relevant to you in your preschool?

We hope that by presenting this information to you in an easily accessible format it will enable you to reflect on children’s performance in your locality in general. This information could be used to help you to consider where to target effort when trying to raise children’s attainment. It may also be useful when considering how to spend your Early Years Pupil Premium.

How is the report set out?

The report is divided into six Gloucestershire Localities. If you are unsure which locality your setting falls in to ie Cotswolds or Tewkesbury you can find this information on the Early Years website under the download called ‘Daycare Provider and Early Years Locality Adviser’ - <http://www.gloucestershire.gov.uk/extra/article/109550/Who-are-the-Early-Years-Team-and-what-do-they-do>. For the purposes of this report Gloucester South and North have been reported as ‘Gloucester’. Childminders will have been notified of their locality in their ‘Welcome Pack’. Once you have found the section that applies to your setting you can consider what the findings tell you.

Background information

About the assessment

There are 7 areas of learning that are assessed and within the 7 areas of learning there are 17 Early Learning Goals (ELGs).

Communication and Language

1: Listening and attention
2: Understanding
3: Speaking

Physical Development

4: Moving and handling
5: Health and self-care

Personal, Social and Emotional
Development

6: Self-confidence and self-awareness
7: Managing feelings and behaviour
8: Making relationships

Literacy

9: Reading
10: Writing

Mathematics

11: Numbers
12: Shape, space and measures

Understanding the World

13: People and communities
14: The World
15: Technology

Expressive arts and design

16: Exploring and using media and materials
17: Being imaginative

How is the Early Years Foundation Stage Profile scored?

The Early Learning Goals outline what most children are expected to achieve by the end of the Foundation Stage. Teachers assess children as being either at the expected level, below the level; referred to as emerging or above the level; referred to as exceeding.

A child is scored 1 for emerging, 2 for expected, and 3 for exceeded. Therefore the minimum score is 17 points and the maximum possible score is 51 points.

What does the definition “a Good Level of Development” actually mean?

Children achieving a good level of development are those who have achieved the expected or exceeding level within the following areas of learning: Communication and Language; Physical Development; Personal, Social and Emotional development; Literacy; and Mathematics. This equates to 12 out of the 17 Early Learning Goals

The Early Years Foundation Stage Profile outcomes in Cheltenham

Where has the data come from?

The schools that are reflected in the Cheltenham section of the report are listed below. The data referred to in this section is the data from these schools combined.

We are not permitted to share the data from individual schools, however if you liaise with the schools that you send children to it should be possible to see specific school data. Sharing data is good practice and all schools are encouraged to share their data in this way.

Mind the Gap!

In Gloucestershire we are always keen to look at the gaps between those who do well and those who do less well. We also explore the difference between the achievement of girls and boys.

The figures below will allow you to reflect on these differences. The 'Lowest 20%' gap looks at the difference between the points scored by the top achievers and the bottom.

Gender GLD Gap

	2013
National	16%
Gloucestershire	16%
Cheltenham	15%

Lowest 20% - Gap

	2013
National	36.6%
Gloucestershire	33.7%
Cheltenham	33.0%

Free School Meals (FSM) GLD Gap

Cheltenham	46%

So What?

Now that you know these figures it would be beneficial to discuss this data in relation to the provision in your setting:

1. Do you provide rich opportunities for the area of learning that has proven most challenging?
2. How can you enrich the opportunities you provide for early mark making?
3. Are you aware of the most appropriate early mark making activities?
4. Do you have sufficient resources for the development of early mathematical skills?
5. Are you aware of the most appropriate early mathematical activities?
6. How can you liaise with your local school to see if this broad Cheltenham picture is specifically represented in the schools you feed into?
7. Who can you liaise with to discuss and address gaps in achievement? Schools, Early Years Locality Advisers, Early Help Advisers.

Mind the Gap!

In Gloucestershire we are always keen to look at the gaps between those who do well and those who do less well. We also explore the difference between the achievement of girls and boys.

The figures below will allow you to reflect on these differences. The 'Lowest 20%' gap looks at the difference between the points scored by the top achievers and the bottom.

Gender GLD Gap

	2013
National	16%
Gloucestershire	16%
Stroud	19%

Lowest 20% - Gap

	2013
National	36.6%
Gloucestershire	33.7%
Stroud	28.4%

Free School Meals (FSM) GLD Gap

	2013
National	19%
Gloucestershire	25%
Stroud	22%

Special Educational Needs (SEN) GLD Gap

	2013
National	42%
Gloucestershire	47%
Stroud	48%

So What?

Now that you know these figures it would be beneficial to discuss this data in relation to the provision in your setting:

1. Do you provide rich opportunities for the area of learning that has proven most challenging?
2. How can you enrich the opportunities you provide for early mark making?
3. Are you aware of the most appropriate early mark making activities?
4. How can you liaise with your local school to see if this broad Stroud picture is specifically represented in the schools you feed into?
5. Who can you liaise with to discuss and address gaps in achievement? Schools, Early Years Locality Advisers, Early Help Advisers.

The Early Years Foundation Stage Profile outcomes in Tewkesbury

Where has the data come from?

The schools that are reflected in the Tewkesbury section of the report are listed below. The data referred to in this section is the data from these schools combined.

We are not permitted to share the data from individual schools, however if you liaise with the schools that you send children to it should be possible to see specific school data. Sharing data is good practice and all schools are encouraged to share their data in this way.
