

Early Years Foundation Stage Profile data 2014

**Reviewing the outcomes in each
Gloucestershire Locality**

Who is this document for?

This document is intended for use in schools by Year R teachers, head teachers and assessment coordinators

A version of the document has also been made available to early years settings in Gloucestershire: pre-schools, day care and childminder settings.

Who has produced this document?

This document has been produced by the Early Years Team. The team website can be accessed here <http://www.gloucestershire.gov.uk/earlyyearsteam>. The vision of the team is “Only the best is good enough for Gloucestershire’s children and families. We work in partnership with others to empower practitioners to enable each child to be happy and fulfilled”.

What is this document about?

This document has been produced to give you an overview of the outcome of the Early Years Foundation Stage Profile assessment completed in your locality for 2014.

What is the Early Years Foundation Stage Profile?

The Early Years Foundation Stage Profile (EYFSP) is a teacher assessment, based on the statutory Early Learning Goals, that records a child’s development at the end of their first year in school. The EYFSP provides information to the next class teacher so that they can plan appropriately for the child as they move into the next year group. The EYFSP is also designed to give parents or carers information about their child’s development against the Early Learning Goals.

How is the report set out?

The report is divided into six Gloucestershire Localities. For the purposes of this report Gloucester South and North have been reported as ‘Gloucester’.

How is the Early Years Foundation Stage Profile scored?

The Early Learning Goals outline what most children are expected to achieve by the end of the Foundation Stage. Teachers assess children as being either at the expected level, below the level; referred to as emerging or above the level; referred to as exceeding.

A child is scored 1 for emerging, 2 for expected, and 3 for exceeded. Therefore the minimum score is 17 points and the maximum possible score is 51 points.

What does the definition “a Good Level of Development” actually mean?

Children achieving a good level of development are those who have achieved the expected or exceeding level within the following areas of learning: Communication and Language; Physical Development; Personal, Social and Emotional development; Literacy; and Mathematics. This equates to 12 out of the 17 Early Learning Goals
