

PE: *Subject Expertise Area*

Primary
Schools

For NQTs

New and returning teachers

Course Overview

These practical sessions will cover key aspects of the teaching standards, specifically related to PE: differentiation, progression, attainment, inclusion, health & safety.

They will enhance PE subject knowledge within fundamental movement skills, fundamental games skills, athletics and gymnastics. They will also cover aspects of organisation specifically related to teaching PE, for instance: managing indoor and outdoor space, equipment, groupings.

The support will also be tailored towards meeting the delegates' priority areas and development requirements as on their personalised programme and assessment reports.
