# Adventures in GDPR

## Putting staff at risk

- **Sharing password**
- **Personal Devices**
- **Loosing their data**

# When it all goes wrong...

# Signing in

- You need to be able to audit visitors to your school especially those who have had access to children.

5 stages of ~~Grief~~

*Data Protection*

# #1 Denial

- Doesn't apply...
- too busy for this ...
- This isn't important

# #2 Anger

- Why did you do this?
- This is just designed to make my life harder
- This really isn't important

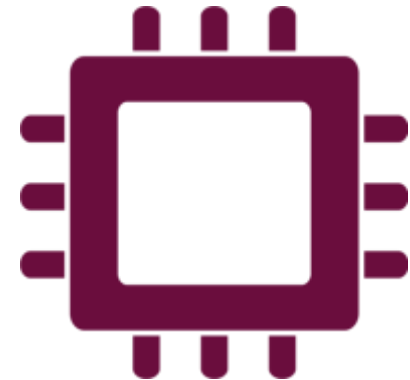

# #3 Bargaining

- Can you do it for me?
- If I just do that will it be enough
- This really isn't important

# #4 Depression

- There is too much to do
- I'll never be able to get them to do this
- This really isn't important

# #5 Acceptance

- Lets get this over with
- Better you tell me than someone else.
- This really isn't important
