

Providers offering Paediatric First Aid Training

The following table includes details of some of the providers running EYFS compliant Paediatric First Aid courses in Gloucestershire. **This is provided for your information only and is not an endorsement of any course in particular.** These providers are independent companies who are not quality assured by Gloucestershire County Council, neither is there any commissioning arrangement with them. Practitioners may elect to undertake training with any provider they choose but are reminded of the statutory requirement to have completed a first aid course that is EYFS compliant. Practitioners will take full responsibility for booking staff on to courses and GCC will not be involved in any booking disputes or attendance issues.

Several of these providers will also offer whole setting training; please contact them direct for further details.
