Welcome and introduction

Bledington Primary School
Jill Kewley, the headteacher at Bledington Primary School will share good practice in developing science at her school. This will cover the curriculum, mixed aged classes, whole school experiments, science evidence, scientific enquiry, outdoor learning, stem club, eco club and science camp.

E-BUG
An opportunity to hear from Sheema Rahman about the successes from this year and what’s planned for 2019/20.

Ofsted update (PART 2)
A look at the new Ofsted handbook and the expectations around inspecting the quality of education.

Leadership of science – learning walks
A chance for subject leaders to share their experiences and findings from conducting learning walks.

Leadership of science – book scrutinies
Key questions:
- What impact has science teaching had on all children’s learning as evidenced by their work?
- What impact does marking and feedback have on children’s learning in science?

An opportunity to find out about the outcome of learning experiences and the varying responses of pupils through reviewing pupils’ science books.

Please bring a small selection of science books to the meeting; we suggest just one per year group.

Primary Science Quality Mark
Angela Marsh, the PSQM Hub Leader will join us to explain the new PSQM Award and how schools can register for Round 19 which will be starting September 2019.

Moderation of science
This session will be led by Carol Sampey from the Primary Science Teaching Trust; Carol will guide subject leaders through the process of moderating science using a selection of work from across the primary age range.

Please bring with you copies of the following:
- KS1 and KS2 teacher assessment exemplification
- National Curriculum Science Programmes of Study KS1 and KS2

Cheltenham Science Festivals
Dr Elspeth Kenny will join us to talk about this year’s festival and seek your views on CPD events to include for next year.

Review and close
As always, a chance for you to reflect on the day and make suggestions for what you would like to be included at future network meetings.

We very much look forward to you joining us.

Elspeth Murano and Sandra Parker
