

A38 Cross Keys Roundabout Improvements

Bulletin 2.1 – 31st May 2019

Due to making good progress on the roundabout island, we are now in a position to start surfacing works to the inner lane of the roundabout which will require some off-peak (09:30 – 15:30) lane restrictions to the roundabout and approaches. The restrictions are as follows:

Sat 1st June: Cones around Cross Keys Roundabout island will be placed along the white line to allow us to remove the existing kerbs and prepare for surfacing. The cones will remain in situ until the new surface is complete.

Monday 3rd and Tuesday 4th June: Partial closures of Cross Keys Roundabout at night (**20:00 – 06:00**) to install ducting from the roundabout to the islands. Please see the Gloucestershire website link below for more information.

Weds 5th, Thurs 6th and Friday 7th June: Daytime off-peak (**09:30 – 15:30**) closure of the inner lane of Cross Keys Roundabout, including reduction to one lane on the approaches. This is to allow us to lay the new surface for the inner lane around Cross Keys Roundabout

As we progress with these important improvements, your patience is greatly appreciated.

If you have any concerns or issues regarding the roundabout improvement scheme, please contact me on 03301 071484*. I will be available throughout the construction phase to provide continuous engagement with businesses and residents within the local area.

Further information about the project can be found here:
