

# Wellbeing for Education Return

## for Gloucestershire's Schools and Colleges

Developed by the Educational Psychology Service together with Gloucestershire Healthy Living and Learning and the Advisory Teaching Service

The Wellbeing for Education Return programme is a fully funded national initiative from the DfE, DHSC, Health Education England and Public Health England.

The aim is to support schools in meeting the emotional needs of pupils and staff during the pandemic.

Over the next few weeks, we are holding a series of **free webinars** for all schools and colleges in the county. These webinars aim to provide tools to enable staff to protect and strengthen their whole school/college's resilience to the wellbeing and mental health impacts of Covid-19.

The key messages are applicable for everyone in the school/college community, including pupils, staff and parents/carers. They are also transposable to on-line remote working in the event of further lockdowns. **The programme uses a Whole-School Approach** to achieve maximum impact.

Up to two members of staff from each setting will be able to attend the two webinars being offered this term. Please ensure you attend Webinar 1 and then Webinar 2. The two attendees will then be able to cascade and implement the key messages in their own school/college.

The webinars should be attended by the Headteacher, Deputy or another member of the Leadership Team. Each school can then have an additional place, ideally suited to a...

- SENDCO
- Pastoral or Healthy Schools lead
- Governor
- Head of phase

Please book your training spaces by visiting [www.gccplus.org](http://www.gccplus.org) and searching for "Wellbeing for Education Return". Places will be allocated on a first come first served basis, with a maximum of 30 participants to allow attendees to share and learn from one another.
