Title of collection: Never Better project

Covering dates of material: (2019)

Description of material: Oral history recordings collected in 2019 around the subject of mental health. Interviews were conducted with both health professionals and people living with mental health issues today. There is also an interview with Canon Richard Mitchell and Helen Jeffrey about the services that the Cathedral provides for people with mental health issues. The interviews were conducted by Caroline Jester, and a few have been anonymised as per the request of the interviewees. There are MP3 access copies of each interview, with WAV masters of most of them and electronic transcripts compiled by volunteers. There are also paper permissions forms which are closed to public access until the year 2100.

Access Conditions: These records are open for research, except for the interview with project volunteers, which is closed until 2025, and the project permission forms which are closed until 2100
