

Gloucestershire Safeguarding Adults Board

Strategic Plan 2018-2021

Introduction

The Care Act 2014 placed adult safeguarding within a clear legal framework setting out the responsibilities of local authorities and their partners. One of the main requirements was to establish a safeguarding adults board.

The Act and the accompanying statutory guidance, requires the board to work together to help make sure that some of the most vulnerable in our communities are protected from abuse and neglect. It is underpinned by the principle that individuals have the right to make choices and exercise control when engaging with agencies who seek to protect and minimise the risk of their harm and/or abuse.

This document sets out the vision and the three year strategic plan for the Gloucestershire Safeguarding Adults Board (GSAB). The GSAB is a multi-agency partnership that is committed to promoting the health and well-being of the most vulnerable members of our community and in order to do so, is committed to continually striving to deliver the most effective services.

Our vision is:-

“To provide assurance that adults at risk are safeguarded from abuse and neglect. All partner agencies of the GSAB will work together to assure that people who have care and support needs are empowered to be kept safe from harm, abuse and neglect and that when abuse occurs, partner organisations respond effectively and proportionately”.

The strategy has been developed following a period of consultation which has taken place over several months and is also driven by the many requirements of the Care Act 2014. Our core strategic objectives are to: -

- ***Improve the effectiveness of the Board,***
- ***Improve safeguarding practice,***
- ***Focus on preventative strategies,***
- ***Focus on Making Safeguarding Personal***

As a Board we are mindful that we need to respond to new threats and therefore the strategy will develop in response to new operational demands, however, the core strategic objectives will be retained for a period of at least three years.

During 2018 and beyond, we will seek assurance that safeguarding arrangements in Gloucestershire are effective in protecting adults who, as a result of their care and support needs, experience, or are at risk of, abuse or neglect.

We have had a Safeguarding Adults Board in Gloucestershire since 2009, which became a statutory requirement following implementation of the Care Act 2014. The main objective of the Board is to protect all adults in Gloucestershire who have

needs for care and support and who are experiencing, or at risk of, abuse or neglect against which they are unable to protect themselves because of their needs.

The GSAB aims to fulfil its purpose by:

- Co-ordinating the work of its member agencies to determine shared policy,
- Facilitate joint training,
- Raise public awareness and
- Monitor and review the quality of services relating to safeguarding adults in Gloucestershire ensuring that all agencies work together to minimise the risk of abuse to adults at risk of harm and to protect and empower those people effectively when abuse has occurred or may have occurred.

The GSAB supports the rights of all adults to equality of opportunity, to retain their independence, wellbeing and choice and to be able to live their lives free from abuse, neglect and discrimination. It values diversity and will seek to promote equal access and equal opportunities irrespective of race, culture, sex, sexual orientation, disability, age, religion or belief, marriage/civil partnership and pregnancy /maternity.

The Care Act 2014

The Care Act 2014 provides the legal framework for adult safeguarding, setting out the responsibilities of local authorities and their partners. It places a duty on Local Authorities to establish Safeguarding Adults Boards and also stipulates local authorities' responsibilities and those with whom they work, to protect adults at risk of abuse or neglect.

The role of a Safeguarding Adults Board is detailed in Schedule 1 of the Care Act 2014, which states the objective of Safeguarding Adults Boards as being to help and protect adults in its area by co-ordinating and ensuring the effectiveness of what each of its members does and each Board may do anything which appears to it, to be necessary or desirable for the purpose of achieving its objective.

The Act details the Boards three primary functions:

1. It must publish a strategic plan for each financial year that sets how it will meet its main objective, and what the members will do to achieve these objectives. The plan must be developed with local community involvement and the SAB must consult the Local Healthwatch organisation.
2. It must publish an annual report detailing what the SAB has done during the year to achieve its main objective and implement its strategic plan and what each member has done to implement the strategy, as well as detailing the findings of any Safeguarding Adults Reviews or any on-going reviews.
3. It must conduct Safeguarding Adults Review when necessary.

What is Safeguarding?

The Care Act Statutory Guidance describes adult safeguarding as “protecting an adult’s right to live in safety, free from abuse and neglect. It is about people and organisations working together to prevent and stop both the risks and experience of abuse or neglect, while at the same time, making sure that the adult’s wellbeing is promoted including where appropriate, having regard to their views, wishes, feelings and beliefs in deciding on any action. This must recognise that adults sometimes have complex interpersonal relationships and may be ambivalent, unclear or unrealistic about their personal circumstances”.

Categories of Abuse Section 14.17 of The Care Act Statutory Guidance describes the various categories of abuse:

Physical abuse – including assault, hitting, slapping, pushing, misuse of medication, restraint or inappropriate physical sanctions.

Domestic violence – including psychological, physical, sexual, financial, emotional abuse; so called ‘honour’ based violence.

Sexual abuse – including rape, indecent exposure, sexual harassment, inappropriate looking or touching, sexual teasing or innuendo, sexual photography, subjection to pornography or witnessing sexual acts, indecent exposure and sexual assault or sexual acts to which the adult has not consented or was pressured into consenting.

Psychological abuse – including emotional abuse, threats of harm or abandonment, deprivation of contact, humiliation, blaming, controlling, intimidation, coercion, harassment, verbal abuse, cyber bullying, isolation or unreasonable and unjustified withdrawal of services or supportive networks.

Financial or material abuse - including theft, fraud, internet scamming, coercion in relation to an adult’s financial affairs or arrangements, including in connection with wills, property, inheritance or financial transactions, or the misuse or misappropriation of property, possessions or benefits.

Modern slavery - encompasses slavery, human trafficking, forced labour and domestic servitude. Traffickers and slave masters use whatever means they have at their disposal to coerce, deceive and force individuals into a life of abuse, servitude and inhumane treatment.

Discriminatory abuse - including forms of harassment, slurs or similar treatment; because of race, gender and gender identity, age, disability, sexual orientation or religion.

Organisational abuse – including neglect and poor care practice within an institution or specific care setting such as a hospital or care home for example, or in relation to care provided in one’s own home. This may range from one off incidents to on-going ill-treatment. It can be through neglect or poor professional practice as a result of the structure, policies, processes and practices within an organisation.

Neglect and acts of omission – including ignoring medical, emotional or physical care needs, failure to provide access to appropriate health, care and support or educational services, the withholding of the necessities of life, such as medication, adequate nutrition and heating

Self-neglect – this covers a wide range of behaviour neglecting to care for one's personal hygiene, health or surroundings and includes behaviour such as hoarding.

Principles underpinning Safeguarding

As in our last strategic plan 2015-2018, we will again recognise the 6 key principles which were first set out by the Government in May 2011 and reissued in 2013, which apply in equal measures and underpin good safeguarding:

Empowerment: Presumption of person led decisions and informed consent

Prevention: It is better to take action before harm occurs

Proportionality: The least intrusive response appropriate to the risk presented

Protection: Support and representation for those in greatest need

Partnership: Local Solutions through services working with communities

Accountability: Accountability and transparency in delivering safeguarding

Our Strategy

This strategy is intended to help focus the work of the GSAB during the next 3 years, but is not embedded in stone but will be shaped by issues and themes which occur during the period of the plan, which become emerging threats.

A number of the priorities found in this strategy were initially commenced in our previous strategic document and remain a priority for the Board.

This strategy aims to place greater focus on a small number of themes which are there to:-

- **Improve the effectiveness of the Board,**
- **Improve safeguarding practice,**
- **Focus on preventative strategies,**
- **Focus on Making Safeguarding Personal**

As well as our four focused themes, there are a number of objectives which are 'business as usual' that will continue across our three year strategy:

- Seek to ensure that the learning from Safeguarding Adult Reviews, Domestic Homicide Reviews, Serious Case Reviews and other learning events is shared and put into practice
- Continue to review and develop our Board policies, guidance, procedures and practice to reflect new legislation and Care Act guidance
- Continue to develop our website as a source of relevant information for the general public, professionals and Board members
- Continue to develop and implement an audit process which is effective and which supports the achievement of the objectives within this strategy
- Continue to review national published Safeguarding Adult Reviews to identify lessons learned and implications for practice
- Continue to work together to raise knowledge and understanding among professionals and the community of the Mental Capacity Act 2005 and Deprivation of Liberty Safeguards
- Continue to work with and develop a good working relationship with other key partnerships in Gloucestershire, including the Districts, Gloucestershire Safeguarding Children's Board (GSCB), Health and Wellbeing Board (HWBB), Safer Gloucestershire, Gloucestershire Anti Slavery Partnership Board (GASPB), Prevent Board, Mental Health Partnership Board (MHPB), Domestic Abuse and Sexual Violence (DASV) and the Learning Disability Partnership Board (LDPB).

It is timely now that we review our joint duties and responsibilities as a Board and look to evidence and improve our effectiveness. We will therefore, look to undertake

a review of the Board during 2018, in order to ensure we are fit for purpose going forward.

We must also continually strive to improve safeguarding practice through our policies and procedure, workforce development and learning from reviews, both locally and nationally.

What has emerged during our last strategic plan is the importance of, not only our response to abuse and neglect, but also the importance of focusing on preventative strategies, in order to reduce the necessity of safeguarding in the future. This will involve listening to and identifying individuals and communities within the County, who are vulnerable owing to any number of reasons, and raising greater awareness of safeguarding, in order to keep them safe from harm and make our communities more resilient.

We have to embed the ethos of making safeguarding personal cross the partnership, which focuses on the desired outcomes of people with care and support needs, who may have been abused or neglected, and who are subject of safeguarding enquiries. We must also get better at capturing the voices of the service users in order to develop and improve practice.

Through our quality assurance and performance dashboard which is developing and evolving we will seek to gain a greater understanding of our communities and their needs and also identify and respond to emerging threats.

Outcome 1 – Improve GSAB Effectiveness

Key Objective

To ensure that the GSAB is fit for purpose, in that it has the right membership, has the right support and is resourced and run in an efficient and effective manner, so that it can fulfil all of its statutory functions to a high standard. The outcome of its work must meet the requirements of the Care Act 2014, and the Board must lead on and make a positive contribution to adult safeguarding in Gloucestershire.

Actions Required

Objective		Action	By Who	When
Improve GSAB Effectiveness	1.1	Review structure, governance and membership of Gloucestershire Safeguarding Adults Board and its sub groups in order to ensure maximum efficiency and effectiveness	GSAB Business Manager	Y1 (Complete)
	1.2	<p>Develop an approach for engaging with service users, their carers or advocates and the wider community on the work of the Board and on its future priorities</p> <p>The GSAB Co-Production and Service User Engagement Group is chaired by Vicci Livingstone-Thompson from Inclusion Gloucestershire.</p> <p>The GSAB Co-Production and Service User Engagement Group had a timetable of themed talks on specific safeguarding topics; this ran from September 2018 to September 2019. In future the Learning Disability Partnership Board will have adult safeguarding as a standing item on its agenda. Expanding this to other Partnership Boards is also being considered.</p> <p>Vicci Livingstone-Thompson has produced a report outlining the activity of the Co-Production Group for 2018/19.</p> <p>A film, 'Was Not Brought' has been produced by the CCG and Inclusion Gloucestershire to highlight the issue of not being taken to health appointments. This was shown to the GSAB Comms and Engagement sub group in June 2019 and sent out as a GSAB Alert. It will also be shown at the 2020 GSAB Roadshows.</p> <p>The VCS Alliance has taken over chairing the GSAB Comms and Engagement sub group. The group</p>	Comms and Engagement Sub Group	Y2, Y3

	includes approximately ten VCS organisations. It regularly sends out communication messages via its members and through GSAB Alerts. The theme of the 2020 GSAB Roadshows is 'Back to Basics' and is aimed at the VCS. VCS Alliance members have been contacted to seek their views on safeguarding and the subjects they would like covered at the roadshows.		
1.3	Work with the South West network on embedding the learning from the Thematic Review of Safeguarding Adult Reviews	SAR Sub Group	Y1, Y2, Y3
	<p>The Head of Safeguarding Adults attends the South West Regional Quarterly Meetings. The recommendations from the thematic review have been transferred onto the South West Safeguarding Network's Workplan for 2018/19.</p> <p>The priorities are:</p> <ul style="list-style-type: none"> • Implementation of the SAR Quality Markers in the South West • Continuing to develop ways of disseminating learning from SARs • Formal review of SAR work plan progress • Guidance on risk assessment, self neglect, with MCA 2005 compliant practice integral to all templates • Develop best practice guidance to clarify the statutory guidance on the Care Act 2014; including People in a position of trust; approaches to organisational abuse <p>Timescales have been allocated to each priority to monitor progress.</p> <p>South West Chairs are taking forward the SAR Quality Markers work and once finalised will disseminate them nationally.</p> <p>The South West Chairs Conference on SARs will be held in 2020.</p> <p>Best practice risk guidance is currently being considered.</p>		
1.4	Deliver our Workforce development strategy which reflects the requirements of the Board and Care Act 2014	Workforce Development Sub Group	Y1, Y2, Y3
	The Workforce Development sub group holds quarterly meetings to progress this.		

	<p>The Board is updated via GSAB Update Reports from the Workforce Development sub group, which are sent out to members in advance of Board meetings</p> <p>A Workforce Development Plan is produced at the start of each year, focusing on the priorities for the coming year. This is then reviewed at each sub group meeting.</p> <p>Progress for 2019/20 includes: Safeguarding Induction e-learning has been produced and rolled out Level 2 Safeguarding Training has been reviewed and updated MCA Training has been reviewed and updated Level 3 Safeguarding Simulation Training (by GHCHSFT) has been delivered and is being evaluated</p>		
1.5	<p>Develop our quarterly partnership quality assurance and performance dashboard so we gain a greater understanding of our communities to ensure it fulfils our expectations</p>	<p>GSAB Business Board Planning Group</p>	<p>Y1, Y2, Y3</p>
	<p>Performance Reports from other areas were scrutinised to benchmark against. Gloucestershire Constabulary, POhWER and CGL now provide data for the quarterly report.</p> <p>The GSAB Independent Chair is now attending CCG Strategic Health Group meetings.</p> <p>Discussion has taken place regarding health data and agreement has been reached on what information will be provided by the CCG.</p> <p>Safeguarding Adults Collection (SAC) comparison data will be produced and taken to the Board annually.</p>		
1.6	<p>In order to benchmark our continued development and ensure we are meeting our statutory requirements, engage with the peer review programme open to Safeguarding Adult Boards</p>	<p>Independent Chair</p>	<p>Y2, Y3</p>
	<p>A GSAB peer review with other Safeguarding Adults Boards is planned for 2020/21.</p> <p>Safeguarding Adults Boards across the South West are considering a regional peer review.</p> <p>The Head of Safeguarding Adults is undertaking an LGA Safeguarding Adults Peer Challenge Case Audit</p>		

	with Devon County Council.

Outcome 3 – Focus on Preventative Practice

Key Objective

The Board recognises the importance of preventative practices in order to protect individuals from being abused and/or neglected and also early intervention which minimises and mitigates harm. In doing so we should embrace a person centred approach, which takes into account the needs and wishes of persons who are subject of safeguarding.

Actions Required

Objective		Action	By Who	When
Focus on Preventative Practice	3.1	Develop a person centred policy for the management of individuals who are considered high risk to themselves or others	Policy & procedure Sub Group	Y1, Y2, Y3
		<p>A new High Risk Policy has been produced and is live on the GSAB website. It is for use when all other options have been unsuccessfully tried by the professionals involved.</p> <p>‘Finding Creative Solutions for Complex Needs’ was the theme of the GSAB CPD event held in July 2019.</p> <p>The GSAB Independent Chair and Head of Safeguarding Adults have created stronger links with the Sex Workers Outreach Project (SWOP), Blue Light Project and the Homeless Healthcare Team.</p> <p>Two new Safeguarding Adult Reviews will take place in 2020; one a Sex Workers Outreach Project (SWOP) Thematic Review and the other (PH) in relation to a homeless man who died in Cheltenham. These are expected to provide new and valuable learning.</p>		
	3.2	Support and empower staff to recognise and take appropriate action in relation to victims of the current and developing threat posed by Modern Slavery and Dangerous Drugs Networks (County Lines)	Comms & Engagement & Workforce Development Sub Group	Y1, Y2, Y3
