Neater Eater

You must start an order to proceed.

Picture for illustrative purposes.

The electric programmable Neater Eater is controlled using sensitive switches operated by any movement.

It is used by people with progressive weakness, quadriplegia or with very uncontrolled movements.

It is easy to use, set up and adjust. There are many ways of operating the Neater Eater to suit people with different physical and cognitive abilities.

It is suitable for anyone who can take food from a level spoon in their mouth.

This device makes it the ideal solution as a feeding aid, for those with special needs.

- Increases independence
- Encourages social interaction
- Helps maintain dignity
- Improves posture and mouth control
- Invigorates interest in food and mealtimes to improve nutrition
- Assists carers
