Hello

I understand that the above right of way may be reverted to the original route. I would strongly challenge this on a number of counts:

- 1.The new route is on the whole a nicer walk; much more in line with the local country side, with it being through woodland and not an artificially kept driveway
2. Although gates are not an issue for myself (& wife) it is a significant positive that the new route does not have any; the old route has 2
- 3.The new route does not involve passing exceptionally close to the house, which the old route does with direct eye sight into the property; this is a distinct positive for both the privacy of the walkers and the householders.
- 4.In conjunction with 3 it is far more Covid secure to not be near the house/house holders.

I would be really unhappy to return to the old route and in all probability we would be put off using the footpath; it is distinctly more comfortable for us to use the route that takes us further away from the property

Please feel free to get in touch with me to discuss further if required

Many Regards

Dear [REDACTED],

In light of the objection to and representations in support of the Public Path Diversion Order under Section 119 of the Highways Act 1980 to divert part of footpath CWE 69, we will be submitting the Order to the Secretary of State for Environment for confirmation. The Secretary of State appoints the Planning Inspectorate to consider the proposals and the representations and their decision will be made in due course. All those who have made a duly made representation will be contacted by the Planning Inspector.

I have included below a link to a document, produced by the Planning Inspectorate, entitled “Guidance On Procedures For Considering Objections To Definitive Map And Public Path Orders In England” which you may find useful:

Dear [REDACTED]

**CWE/69/MBT – Letter of Support**

I understand that you are reviewing objections & support for the above proposed footpath diversion.

I have lived in Alderley, then Nind for the past 49 years. I now walk between my own house at [REDACTED] and [REDACTED] house at [REDACTED]. The route has always taken us straight past Lacy's. I cant tell you how excruciating it is to walk on a footpath past somebody's kitchen window and through their garden. Aside from the security risk, I assume it is as unpleasant for the residents of Lacy's.

The alternative route created as part of covid protection is an improvement in all aspects and I find myself using this route much more regularly as a result. I cannot think of a single reason why anybody would legitimately object to the change.

It has my firm support, to the extent that were it to revert to the original route – I would not use it.

thanks for your time

I am a local resident and would like to pledge my support for the above footpath diversion. I am both a dog walker and runner and having been using the alternative footpath for the last year. It has been so much better than having to go past the house. I always feel awkward having to go right past the owners front door. It feels both intrusive and incongruent, coming from Nind where you've just passed through 4 open fields.

With the deviated footpath I don't have to put my dog on a lead, nor do I have to stop when running to open 2 gates.

The alternative path through the woods is beautiful - a lovely change in terrain between the succession of fields before and beyond Wortley.

I would welcome the changed route of the footpath on a permanent basis.

Dear [REDACTED]

Please accept this email as my support in the proposed footpath changes to divert the footpath in Wortley permanently. As a regular user of this footpath the new route is easier to navigate when I am running and walking my dog owing to not having to use two gates and not having to pass through the house of the original footpath.

Best wishes

Thanks [REDACTED]

I was aware of this proposal. I think there was an earlier query as to whether such a large diversion was appropriate, which may well have been answered and which I don't intend to pursue!

Dear [REDACTED],

In light of the objection to and representations in support of the Public Path Diversion Order under Section 119 of the Highways Act 1980 to divert part of footpath CWE 69, we will be submitting the Order to the Secretary of State for Environment for confirmation. The Secretary of State appoints the Planning Inspectorate to consider the proposals and the representations and their decision will be made in due course. All those who have made a duly made representation will be contacted by the Planning Inspector.

I have included below a link to a document, produced by the Planning Inspectorate, entitled "Guidance On Procedures For Considering Objections To Definitive Map And Public Path Orders In England" which you may find useful:

Dear [REDACTED]

I would like to support the proposed change to the route of this public footpath at Wortley. As well as avoiding going directly past the owner's property the new path avoids using their gate. As a regular runner in the area I use this path regularly and think the change is an improvement.

Hi [REDACTED]

Would like to support this footpath diversion. I am a member of Wotton public rights of way and amenity areas committee, although speaking in a private capacity.

I am a local runner who uses the new pathway on a regular basis. The diversion has provided a safe route which avoids the house. I have always felt uncomfortable running past the front door through the garden.

Whilst on principle I object to footpath diversion to suit a resident . In this case it improves access.

Best wishes
