Thanks [REDACTED]

I note that the previous Statement prepared by [REDACTED] quoted a width of 2.5m between C-D. Now reduced to 2m, can you say why please?

In discussion with Alan in June I proposed that a minimum width acceptable was 3m.

Can you say If this was put to the applicants, and if so let me have a copy of their actual response please?

The current Statement (13) relates that the applicant will carry out the works required by the diversion but refers to the council culverting the ditch

at the roadside. Is the applicant paying for this work also please?

Lastly, can you let me have a copy of the DM and Statement for HBW 26 and 27 please.

many thanks,

[REDACTED]
