The Claimant Count is a measure of the number of people who are unemployed and claiming benefits. From 1996 until the recent introduction of Universal Credit, this was based on the number of people claiming Jobseeker's Allowance. However, since its introduction some unemployment benefit claimants will be claiming Universal Credit instead.

To reflect this change, the Claimant Count has been expanded to include people claiming Jobseeker's Allowance plus those who claim Universal Credit and who are out of work. For more information about Universal Credit please see the [ONS website](#).

INTRODUCTION

The Unemployment Bulletin provides a monthly update on unemployment data for Gloucestershire, the South West region and the United Kingdom. It is produced by the Strategic Needs Analysis Team in the County Council's Strategy and Challenge function. The data is sourced from the Office for National Statistics via Nomis (www.nomis.co.uk).

PART 1: SUMMARY

The claimant rate in Gloucestershire was 1.1% in February 2016. This remained the same as the January 2016 figure. The UK and the South West rate also remained the same as the previous month at 1.9% and 1.2% respectively. Gloucestershire's rate was 0.1% lower than the South West average of 1.2%, and 0.8% lower than the UK average of 1.9%.

The claimant count in Gloucestershire in February 2016 increased by 175 people. The amount of people claiming in February 2016 was 4.4% higher than the number in January 2016. This compares to a 3.5% increase in the South West and a 2.5% increase for the UK.

The year on year claimant count in Gloucestershire has increased since last month. The count was 14.7% lower in February 2016 than at the same point in the previous year as shown in the graph below.

Figure 23: Youth Claimant Rate for Gloucestershire, the South West and UK over the past year

Figure 23 shows the number of young claimants increased in February 2016 by 7.9% this represented 65 people. Over the last year the number of young claimants fell by 23.3% or 265 people.

PART 7: YOUNG PEOPLE NOT IN EDUCATION, EMPLOYMENT OR TRAINING (NEET) IN GLOUCESTERSHIRE

Data provided by Gloucestershire Youth Support Team on the situation of young people (16-18) in Gloucestershire who are not in education, employment or formal training.

Gloucestershire Youth Support Team is required to report performance with the 16-18 age range against nationally defined criteria for counting the NEET group. The NEET group includes young people actively seeking education, employment or training as well as those young people who are either not yet ready or who are unable to access these opportunities because of their personal circumstances. The figures quoted below include young people in both of these categories.

Summary

At the end of February 2016 there were 511 young people aged 16-18 not in education, employment or training in Gloucestershire and this figure translates into an adjusted (*) 16-18 NEET population of 3.32%. The total number of NEET young people increased by 25 in February 2016 compared to January 2016. Four districts saw an increase in their NEET figure and two districts saw a decrease in their NEET figure.
