## INTRODUCTION

The Unemployment Bulletin provides a monthly update on unemployment data for Gloucestershire, the South West region and the United Kingdom. It is produced by the Economic section of the County Council Chief Executive's Support Unit Research Team. The data is sourced from the Office for National Statistics via Nomis ([www.nomis.co.uk](http://www.nomis.co.uk)).

The claimant count measures the number of people claiming unemployment-related benefit (currently Job Seeker's allowance). The claimant rate is the number of claimants as a proportion of the working age population.

## PART 1: SUMMARY

**The claimant rate in Gloucestershire was 3.3% in December 2009.** This was a decline of 0.1% on the November 2009 figure. The UK and South West rate remained the same at 4.1% and 2.9% respectively. Gloucestershire's rate remains above the South West average of 2.9%, but 0.8% lower than the UK average of 4.1%.

**The claimant count in Gloucestershire in December 2009 declined by 487 people.** The amount of people claiming in December 2009 was 4.1% lower than the number in November 2009 compared to a 1.7% decline in the South West and a 0.2% decrease for the UK.

**The claimant count in Gloucestershire has decreased.** The count was 38% higher in December 2009 than at the same point in the previous year as shown in the graph below.

## PART 2: UK, SW AND GLOUCESTERSHIRE INDICATORS

The unemployment situation in Gloucestershire compared to the South West and the UK.

### Claimant Rate

Figure 1: Claimant Rate for Gloucestershire, the South West and UK over the past year

Figure 1 shows the claimant rate for Gloucestershire at 3.3% in December 2009. The rate has remained slightly higher than the South West average over the past year, but persistently lower by approximately 0.8% against the UK average during the same period. The December 2009 rate represented a 0.1% decrease on November 2009.

### Claimant Count

Table 1: Analysis of UK, South West and Gloucestershire Claimant Counts

Area	Claimant Count in December 2009	% change on November 2009	Average % increase over the last six months	Consecutive months decreasing
UK	1,567,005	-0.2%	-0.1%	4
South West	90,035	-1.7%	-0.8%	4
Gloucestershire	11,398	-4.1%	-1.5%	4

Table 1 shows that in December 2009, the number of claimants in Gloucestershire was 4.1% lower than the number in November 2009.

The average growth in claimants in Gloucestershire for the six months to December 2009 was -1.5%. This is 1.4% lower than the UK average and 0.7% lower than the South West region.

## PART 6: YOUNG PEOPLE NOT IN EDUCATION, EMPLOYMENT OR TRAINING (NEET) IN GLOUCESTERSHIRE

Data provided by Prospects, the Connexions service in Gloucestershire on the situation of young people (16-18) in Gloucestershire who are not in education, employment or formal training.

Connexions Gloucestershire is required to report performance with the 16-18 age range against nationally defined criteria for counting the NEET group. The NEET group includes young people actively seeking education, employment or training as well as those young people who are either not yet ready or who are unable to access these opportunities because of their personal circumstances. The figures quoted below include young people in both of these categories.

### Summary

As at the end of December 2009 there were 684 young people aged 16-18 not in education, employment or training in Gloucestershire and this figure translates into an adjusted (\*) 16-18 NEET population of 4.0%. This figure evidences a 0.3% decrease from the performance achieved at the end of November 09 with all districts also showing (for the second month in succession) a decrease in their numbers of 16-18 NEET young people. The largest decrease has been seen in Tewkesbury and Cotswold areas where the rates have decreased by 0.4% and 0.5% respectively. This months performance is of particular significance as December is the second of the three consecutive months from which NEET performance is calculated to provide a

### January Guarantee

The Prime Minister announced on 18<sup>th</sup> November plans to build on the September guarantee by guaranteeing the offer of a place on an Entry to Employment programme to all 16 and 17 year olds who are not in education, employment or training (NEET) in January 2010.

January is a key point in the year when additional support is needed. Seasonal employment and short courses come to an end and some young people realise that their initial choice was not right for them and do not return to school/College after the Christmas holiday. This Guarantee will allow young people who are NEET to reengage quickly in positive and productive learning, remain motivated and engaged. We will thereby reduce the risk of long term disengagement.

In Gloucestershire we are supporting this and have contacted young people for whom the guarantee applies to encourage them to take up this opportunity.

If you would like to receive any further information on Gloucestershire's NEET strategy then please contact [Andrew.Webster@prospects.co.uk](mailto:Andrew.Webster@prospects.co.uk) or telephone 01452 426900

(\*) Adjustment includes a proportion of young people aged 16-18 whose outcomes are not-known to Connexions Gloucestershire
