The Claimant Count is a measure of the number of people who are unemployed and claiming benefits. From 1996 until the recent introduction of Universal Credit, this was based on the number of people claiming Jobseeker's Allowance. However, since its introduction some unemployment benefit claimants will be claiming Universal Credit instead.

To reflect this change, the Claimant Count has been expanded to include people claiming Jobseeker's Allowance plus those who claim Universal Credit and who are out of work. For more information about Universal Credit please see the [ONS website](https://www.ons.gov.uk/universal-credit).

INTRODUCTION

The Unemployment Bulletin provides a monthly update on unemployment data for Gloucestershire, the South West region and the United Kingdom. It is produced by the Strategic Needs Analysis Team in the County Council's Strategy and Challenge function. The data is sourced from the Office for National Statistics via Nomis (www.nomis.co.uk).

PART 1: SUMMARY

The claimant rate in Gloucestershire was 1.0% in October 2017. This was the same as the September 2017 figure. The South West rate remained at 1.3% and the UK rate remained at 1.9%. Gloucestershire's rate was 0.3% lower than the South West average of 1.3%, and 0.9% lower than the UK average of 1.9%.

The claimant count in Gloucestershire in October 2017 decreased by 115 people. The amount of people claiming in October 2017 was 3.0% lower than the number in September 2017. This compares to a 0.1% increase in the South West and a 0.8% decrease for the UK.

The year on year claimant count in Gloucestershire has decreased since last month. The count was 12.6% lower in October 2017 than at the same point in the previous year as shown in the graph below.

PART 7: YOUNG PEOPLE NOT IN EDUCATION, EMPLOYMENT OR TRAINING (NEET) IN GLOUCESTERSHIRE

Data provided by Gloucestershire Youth Support Team on the situation of young people (16-18) in Gloucestershire who are not in education, employment or formal training.

Gloucestershire Youth Support Team is required to report performance with the 16-18 age range against nationally defined criteria for counting the NEET group. The NEET group includes young people actively seeking education, employment or training as well as those young people who are either not yet ready or who are unable to access these opportunities because of their personal circumstances. The figures quoted below include young people in both of these categories.

Summary

At the end of October 2017 there were 381 young people aged 16-18 not in education, employment or training in Gloucestershire and this figure translates into an adjusted (*) 16-18 NEET population of 2.18%. The total number of NEET young people increased by 45 in October 2017 compared to September 2017, five districts saw an increase in their figure and one district saw a decrease.
