Who's at the Hub?

Welcome to the **Heritage Hub**, home to **Gloucestershire Archives** and our on-site partners including Gloucestershire Family History Society, Gloucestershire Police Archives, the Victoria County History for Gloucestershire and the copy certificates team of the County Registration Service.

About us

Gloucestershire Archives aims to gather, keep and share historic archive collections and local and family history resources relating to Gloucestershire and South Gloucestershire, making them available for research.

We hold the records of:

- County, district and parish councils
- Landed estates and families
- Hospitals, asylums and workhouses
- Gloucester Diocese (created 1541) and parishes
- Non-denominational organisations and other faiths
- Schools, prisons and courts
- Commercial and manufacturing companies based locally
- Military and political organisations
- Clubs and societies
- Legal records via solicitors' collections, deeds and orders
- Local news agencies and media outlets
- Prominent local authors, poets and composers, for example, Ivor Gurney

And so much more besides! Our earliest document dates from the 1100s but we also hold up-to-the-minute material created in a digital format.

Are you a first-time visitor?

Everyone is welcome at Gloucestershire Archives, from complete beginners to experienced researchers. To get started on your journey of discovery, you will need to apply for an ARA Archives Card, before your visit, by going to www.archivescard.com

Bring two forms of ID with you (just on your first visit) so we can validate your application. We will then issue you with a card, which can be used at all participating ARA card scheme offices throughout the UK.

Ordering your documents and making an appointment

You can see descriptions of what we hold and make an appointment to visit via our online catalogue at www.goucestershire.gov.uk/archives/online-catalogue

Help on using our online catalogue is available on our website.

Can I just turn up?

We recommend that you pre-order the documents you wish to see. However, documents can be requested on the day. Live document collections take place at 10am and 2pm. Please speak with staff on the day if you require this service. There may be a wait of up to 45 minutes whilst we retrieve your items.

New to research or unable to access a computer?

Don't worry! Our friendly staff can point you in the right direction before your arrival. Speak to us directly on **01452 425295**.

Why not book a one-to-one session onsite so we can assist you in getting registered and show you how to get started.

Public computers are available, free of charge. If you wish to use one, please let us know so we can reserve a space for you.

Making copies

If you wish to take copies of any document viewed in our Research Room, please ask staff to check whether copyright restrictions apply. You will also need to purchase a camera pass from Reception to use your own camera or smartphone.

We do have an in-house copying service - by prior arrangement only. We are unable to do same day copy requests but are happy to take orders. Please ask staff for details.
