

## GSWB (Llanthony) Improvements

### Consultation Response From Gloucester City Council

**Subject:** RE: GSWB Llanthony Rd Widening - Public Share Events

Dear Chris

Many thanks for sending the below to me and I confirm that we are supportive of this proposal. This is an important link in the highway network. I have asked my colleague Adam Gooch to consider it further and provide a more detailed response.

I would however urge the County Council to work closely with the Llanthony Secunda Priory Trust (LSP) to ensure access to this important site can be retained without compromising the initiative to create a destination in its own right, allowing LSP to contribute towards the ongoing regeneration of Gloucester and the much wider area. As proposed the works could create challenges with access and egress to the Priory. I understand there is a mini roundabout proposal from St Ann Way which could remove the challenges of access/egress from Llanthony Road to LSP, I would urge the County to consider this as an alternative solution and assist with its delivery.

I hope the above is helpful and we look forward to working with the County Council to deliver what are both, very important schemes to Gloucester and the wider area.

Kind Regards

Anthony
