## Nutrition content for early years providers - Help for Early Years Providers

Within the Early Years Foundation Stage framework there is a requirement that states: 'Where children are provided with meals, snacks, and drinks, these must be healthy, balanced and nutritious'.

Establishing healthy eating habits at a young age is important for long-term health. As Early Years Practitioners you can help set solid foundations for children's future health by providing them with nutritious food in your settings.

Help for Early Years Providers has added [new nutrition content](#) including videos to help you fulfil the requirement to provide healthy, balanced and nutritious food for the children in your care.

## **We want to share your AMAZING practice**

Over the last 4 months the Quality Leads have visited 61 early years providers. We are spending more time in sessions, playing alongside the children and getting to know your teams. We often see really inspirational practice whether this Toothbrushing routines (Pip and Jim's have this nailed!) or your Forest School and Practice is Outstanding (St Mary's Playgroup, Tetbury this is you!) Over the next few months we will be sharing case studies of great practice, and eventually hope to have these amongst other resources on our website. If there is something you would like celebrate pop an email across to us: [Early Years Quality Team](#).
