

YOUR EDUCATION AT ALTUS

YOU GOT THIS ★

Different routes. The right support. Your next step.

Being at Altus is your next step. It doesn't mean your education has to look like your previous school.

Because you are a child in care, we will follow the Child in Care Protocol and work with you, your carer and your support team to make sure we understand your needs and how best to support you.

Your plan might include one route or a mix of different routes.

This is about finding what works for you.

ROUTE 1

Learning at Altus

You may have your education at Altus and be supported by the school.

If you are waiting for an on-site place, we may arrange education through another approved provider until a place becomes available.

YOUR ROUTE:

Altus
→ Support
→ On-site place

ROUTE 2

Altus + Extra Support

You might attend Altus and have some extra support somewhere else.

This could help with things such as attendance, behaviour, or needs that have been identified in your plans.

YOUR ROUTE:

Altus
+ Extra Support
→ Helping you succeed

ROUTE 3

A More Bespoke Programme

Sometimes a young person needs something more individual.

We can use specialist providers when your needs cannot be met through our usual offer. This might mean your week looks very different from your previous school.

YOUR ROUTE:

Your needs
→ Specialist programme
→ Your individual education plan

ROUTE 4

Learning in Different Ways

Education isn't only about sitting in a classroom.

We also work with curriculum partners offering specialist or bespoke learning. This could include activities like outdoors learning, sport, music, creative arts or digital skills.

YOUR ROUTE:

Education
+ Different experiences
+ New skills

DIFFERENT DOESN'T MEAN LESS ♥

Your education might not look like your previous school. That's OK!

The aim is to give you an education that meets your individual needs and helps you take your next steps.

THE NEXT STEPS

Your education should work for you.
