Dear provider,

Isn't it great to see the lighter nights here now the clocks have changed.

The sunshine is also an added bonus.

Hope you all have a lovely weekend.

Early Years and Childcare Servic

National Walking Day

This week many of us celebrated National Walking Day. We spoke to

many providers who were encouraging their children to walk to their settings. Sue also celebrated on Mother's Day by walking the Caminito del Rey trail in Spain. Known for its heights, narrow footpaths, and a wobbly bridge to cross. For anyone who likes a challenge.....

Early Years Alliance – Environmental sustainability support

The Department for Education (DfE) has [set a target](#) for all education settings to have a sustainability lead and a climate action plan in place by 2025, to "help embed sustainability in all they do".

This includes an expectation that all education settings, including early years settings, will "nominate a sustainability lead and put in place a climate action plan".

As part of this work, Sustainability Support for Education – part of a set of projects commissioned by the DfE – is running a series of free online events on putting Climate Action Plans in place, including a number of events aimed specifically at early years providers. You can find out more about these events [here](#).

To help early years providers to meet these new expectations, the Early Years Alliance is preparing to release a new Environmental Sustainability toolkit later this summer, which will include comprehensive guidance on how to operate in an environmentally sustainable way, create an effective Climate Action Plan, and support children to learn how to care for the environment.

If you'd like to be among the first to hear about the release of the new toolkit, you can [register your interest](#)
