<b>Part 7: Young People</b> Data about Young People Not in Education, Employment or Training (NEET)	<b>22</b>

The Claimant Count is a measure of the number of people who are unemployed and claiming benefits. From 1996 until the recent introduction of Universal Credit, this was based on the number of people claiming Jobseeker's Allowance. However, since its introduction some unemployment benefit claimants will be claiming Universal Credit instead.

**To reflect this change, the Claimant Count has been expanded to include people claiming Jobseeker's Allowance plus those who claim Universal Credit and who are out of work.** For more information about Universal Credit please see the [ONS website](https://www.ons.gov.uk/universal-credit).

## INTRODUCTION

The Unemployment Bulletin provides a monthly update on unemployment data for Gloucestershire, the South West region and the United Kingdom. It is produced by the Data & Analysis Team in the County Council's Planning, Performance and Change function. The data are sourced from the Office for National Statistics via Nomis ([www.nomis.co.uk](http://www.nomis.co.uk)). All data are rounded to the nearest 5 and may not precisely add to the sum of the number of people claiming JSA, and the number of people claiming Universal Credit required to seek work, due to independent rounding.

## PART 1: SUMMARY

The claimant rate in Gloucestershire was **1.3% in April 2018**. This was a 9.7% increase on the March 2018 figure. The South West rate increased to 1.6%, whereas the UK rate stayed the same at 2.2%. Gloucestershire's rate was 0.3% lower than the South West average of 1.6%, and 0.9% lower than the UK average of 2.2%.

The claimant count in Gloucestershire in April 2018 increased by **445 people**. The amount of people claiming in April 2018 was 9.7% higher than the number in March 2018. This compares to a 7.3% increase in the South West and a 3.6% increase for the UK.

The year on year claimant count in Gloucestershire has increased since last month. The count was 17.9% higher in March 2018 than at the same point in the previous year as shown in the graph below.

Figure 23: Youth Claimants in Gloucestershire - Month on Month and Year on Year change

Figure 23 shows the number of young claimants increased in April 2018 by 5.1%. Over the last year the number of young claimants increased by 13.8% or 125 people.

## PART 7: YOUNG PEOPLE NOT IN EDUCATION, EMPLOYMENT OR TRAINING (NEET) IN GLOUCESTERSHIRE

Data provided by Gloucestershire Youth Support Team on the situation of young people (16-18) in Gloucestershire who are not in education, employment or formal training.

Gloucestershire Youth Support Team is required to report performance with the 16-18 age range against nationally defined criteria for counting the NEET group. The NEET group includes young people actively seeking education, employment or training as well as those young people who are either not yet ready or who are unable to access these opportunities because of their personal circumstances. The figures quoted below include young people in both of these categories.

### Summary

At the end of April 2018 there were 385 young people aged 16-18 not in education, employment or training in Gloucestershire and this figure translates into an adjusted (\*) 16-18 NEET population of 2.67%. The total number of NEET young people decreased by 28 in April 2018 compared to March 2018, all six districts saw a decrease in their figures.
