

# Unemployment Bulletin

Issue 169 August 2022

## Notes on Claimant Count (Experimental Statistics) from ONS:

These Claimant Count Experimental Statistics relate to 11 August 2022. Enhancements to Universal Credit as part of the UK government's response to the coronavirus (COVID-19) mean that an increasing number of people became eligible for unemployment-related benefit support, although still employed. Consequently changes in the Claimant Count will not be wholly because of changes in the number of people who are unemployed. We are not able to identify to what extent people who are employed or unemployed have affected the numbers.

The Claimant Count is a measure of the number of people who are unemployed and claiming benefits. From 1996 until the recent introduction of Universal Credit, this was based on the number of people claiming Jobseeker's Allowance. However, since its introduction some unemployment benefit claimants will be claiming Universal Credit instead. **To reflect this change, the Claimant Count has been expanded to include people claiming Jobseeker's Allowance plus those who claim Universal Credit and who are searching for work.**

Gloucestershire is in the process of transitioning to full Universal Credit. This means a broader span of claimants will be required to look for work than previously under Jobseekers Allowance. As more people are brought within the coverage of Universal Credit, the Claimant Count is set to rise noticeably over time. This will happen irrespective of how the economy performs and is a feature of the design of Universal Credit which brings additional groups of people into 'Searching for Work' conditionality (and therefore the Claimant Count), to help encourage and support these claimants into work.

For more information about Universal Credit please see the [ONS website](https://www.ons.gov.uk/universal-credit).

## INTRODUCTION

The Unemployment Bulletin provides a monthly update on unemployment data for Gloucestershire, the South West region and the United Kingdom. It is produced by the Data & Analysis Team in the County Council's Planning, Performance and Change function. The data are sourced from the Office for National Statistics via Nomis ([www.nomis.co.uk](http://www.nomis.co.uk)). All data are rounded to the nearest 5 and may not precisely add to the sum of the number of people claiming JSA, and the number of people claiming Universal Credit required to seek work, due to independent rounding.

## PART 1: SUMMARY

**The claimant rate in Gloucestershire was 2.2% in August 2022.** The South West rate remained at 2.5% and the UK rate increased to 3.7%. Gloucestershire's rate was 0.3% lower than the South West average of 2.5%, and 1.5% lower than the UK average of 3.7%.

**The claimant count in Gloucestershire in August 2022 increased by 90 people.** The amount of people claiming in August 2022 was 1.1% higher than the number in July 2022. This compares to a 0.3% increase in the South West and a 1.0% increase in the UK.

## PART 6: YOUTH UNEMPLOYMENT(18-24 year olds)

### Youth Claimant Rate and Claimant Count

Figure 15: Claimant Count for Gloucestershire over the past year

Figure 15 shows that in August 2022, 1,405 people aged 18-24 were claiming Job Seekers Allowance and Universal Credit who were not in work in Gloucestershire, this represents 16.3% of total working age claimants.

## PART 7: YOUNG PEOPLE NOT IN EDUCATION, EMPLOYMENT OR TRAINING (NEET) IN GLOUCESTERSHIRE

Data provided by Gloucestershire Youth Support Team on the situation of young people (16-18) in Gloucestershire who are not in education, employment or formal training.

Gloucestershire Youth Support Team is required to report performance on the Academic Year 12 and 13 (16/17 age) against nationally defined criteria for counting the NEET group to the Department for Education (DfE) on a monthly basis. The NEET group includes young people actively seeking education, employment or training as well as those young people who are either not yet ready or who are unable to access these opportunities because of their personal circumstances. The figures quoted below include young people in both of these categories.

August 2022

Monthly Change	-29	-621	-0.10%
Previous month	339	13725	2.47%

The academic year 12-13 group contains a proportion of young people who turn 18 in the academic year but were 17 on the 31<sup>st</sup> August the previous academic year so are entitled to learning through RPA (raising participation age).

Please note all figures quoted above are subject to change before the submission date to the DfE which usually happens in the second or third week of the month for the previous month.

If you would like to receive any further information on Gloucestershire's NEET strategy, then please contact [Lynne.Speak@Prospects.co.uk](mailto:Lynne.Speak@Prospects.co.uk) or telephone 07900 391182.

(\*) Adjustment includes a proportion of young people aged 16-18 whose outcomes are not-known to Gloucestershire Youth Support Team.
