

# Cycle Network Improvements

A number of existing cycle routes are present along and adjacent to the A419 corridor including the National Cycle Network Route 45 linking Frampton on Severn to Cirencester. The plan below shows both the existing network and proposed improvements which include:

- Chipmans Platt Roundabout - Widening of existing footway to provide shared use footway/cycleway running North South.
- Oldends Lane Roundabout - Provision of a new Toucan (pedestrian and cycle) crossing and widening of existing footway to provide shared use footway/cycleway.
- Downton Road Junction - Existing signal controlled cycleway through junction to be replaced with new Toucan (pedestrian and cycle) crossings.
- Horsetrough Roundabout - Widening of existing footway to provide off carriageway shared use footway/cycleway around circulatory and up to Downton Road junction.
