P9

NOTES

- General arrangement drawings specific to the various design elements such as site clearance, fencing, road restraint system, drainage etc. will be produced separately. The drawing numbers will have the respective Specification for Highway Works (SHW) Series Number contained with it :
L1-200-01 to 03 General Site Clearance
L1-300-01 to 02 Proposed Fencing
L1-400-01 to 02 Road Restraint System and Pedestrian Guardrail
L1-500-01 to 03 Proposed Ducting
L1-500-04 to 06 Proposed Drainage Layout
L1-600-01 to 03 Earthworks
L1-700-01 to 03 Proposed Pavement
L1-1100-01 to 03 Proposed Footways and kerbs
L1-1200-100 to 103, -200 to 202, -300, -1200-01 to 03
- This drawing will accompany the geometrical design data submission for certification in accordance with the Works Information and are to be read in conjunction with the proposed geometrical alignment relaxation and departure from standard details.
- The other information shown on this drawing showing fencing, lighting, road signs, lighting columns is indicative and for reference purposes only. For latest details, refer to appropriate discipline drawings.
- The exact location of all Statutory Undertakers plant and equipment must be verified by the Contractor in accordance with HSG47 and GS6 before commencement of works on site. Refer to Vol 2 Site information for Statutory Undertakers Plans and Drawing No's L1-101-01 to 03.
- In addition to the hazards/risks normally associated with the types of work detailed on this drawing take note of the above. It is assumed that all works on this drawing will be carried out by a competent contractor working, where appropriate, to an appropriate method statement.
