The Claimant Count is a measure of the number of people who are unemployed and claiming benefits. From 1996 until the recent introduction of Universal Credit, this was based on the number of people claiming Jobseeker's Allowance. However, since its introduction some unemployment benefit claimants will be claiming Universal Credit instead. **To reflect this change, the Claimant Count has been expanded to include people claiming Jobseeker's Allowance plus those who claim Universal Credit and who are searching for work.**

Gloucestershire is in the process of transitioning to full Universal Credit. This means a broader span of claimants will be required to look for work than previously under Jobseekers Allowance. As more people are brought within the coverage of Universal Credit, the Claimant Count is set to rise noticeably over time. This will happen irrespective of how the economy performs and is a feature of the design of Universal Credit which brings additional groups of people into 'Searching for Work' conditionality (and therefore the Claimant Count), to help encourage and support these claimants into work.

For more information about Universal Credit please see the [ONS website](#).

INTRODUCTION

The Unemployment Bulletin provides a monthly update on unemployment data for Gloucestershire, the South West region and the United Kingdom. It is produced by the Data & Analysis Team in the County Council's Planning, Performance and Change function. The data are sourced from the Office for National Statistics via Nomis (www.nomis.co.uk). All data are rounded to the nearest 5 and may not precisely add to the sum of the number of people claiming JSA, and the number of people claiming Universal Credit required to seek work, due to independent rounding.

PART 1: SUMMARY

The claimant rate in Gloucestershire was 2.6% in April 2024. The South West rate remained at 2.7% and the UK rate remained at 3.8%. Gloucestershire's rate was 0.1% lower than the South West average of 2.7%, and 1.2% lower than the UK average of 3.8%.

The claimant count in Gloucestershire in April 2024 increased by 90 people. The amount of people claiming in April was 0.9% higher than the number in March. This compares to a 0.9% decrease in the South West and a 0.4% increase in the UK.

PART 2: UK, SW AND GLOUCESTERSHIRE INDICATORS

The unemployment situation in Gloucestershire compared to the South West and the UK.

Claimant Rate

Figure 1: Claimant Rate for Gloucestershire, the South West and UK over the past year

Figure 1 shows the claimant rate for Gloucestershire at 2.6% in April 2024. The Gloucestershire rate has been lower than the South West average since November 2015, with the exception of April and May 2016 and, more recently, November 2023 when it was the same. On average, it has been approximately 1.3% lower than the UK average since the same month of the previous year.

PART 6: YOUTH UNEMPLOYMENT(18-24 year olds)

Youth Claimant Rate and Claimant Count

Figure 15: Claimant Count for Gloucestershire over the past year

Figure 15 shows that in April 2024, 1,770 people aged 18-24 were claiming Job Seekers Allowance and Universal Credit who were not in work in Gloucestershire, this represents 17.1% of total working age claimants.

PART 7: YOUNG PEOPLE NOT IN EDUCATION, EMPLOYMENT OR TRAINING (NEET) IN GLOUCESTERSHIRE

Data provided by Gloucestershire Youth Support Team on the situation of young people (16-18) in Gloucestershire who are not in education, employment or formal training.

Gloucestershire Youth Support Team is required to report performance on the Academic Year 12 and 13 (16/17 age) against nationally defined criteria for counting the NEET group to the Department for Education (DfE) on a monthly basis. The NEET group includes young people actively seeking education, employment or training as well as those young people who are either not yet ready or who are unable to access these opportunities because of their personal circumstances. The figures quoted below include young people in both of these categories.

The academic year 12-13 group contains a proportion of young people who turn 18 in the academic year but were 17 on the 31st August the previous academic year so are entitled to learning through RPA (raising participation age).

Please note all figures quoted above are subject to change before the submission date to the DfE which usually happens in the second or third week of the month for the previous month.

If you would like to receive any further information on Gloucestershire's NEET strategy, then please contact Lynne.Speak@Prospects.co.uk or telephone 07900 391182.

(*) Adjustment includes a proportion of young people aged 16-18 whose outcomes are not-known to Gloucestershire Youth Support Team.
