

10th February 2020

Dear Resident/Proprietor,

A419 HIGHWAY IMPROVEMENTS – OLDENS LANE (PHASE 2)

We are now ready to complete the surfacing works at Oldens Lane.

We will be working at night to limit disruption to road users. The overnight programme for these works is as follows:-

- Sunday 16 Feb – Remove existing carriageway surface
- Monday 17 Feb – Complete removal of surface and lay new material into deeper patches
- Tuesday 18 and Wednesday 19 Feb – New surface course material laid throughout.
- Thursday 20 Feb – Road markings and cutting of traffic loops.

We will carry out activities directly in front of Avenue Terrace before 11pm each night to try to minimise noise disturbance.

Unfortunately there is an element of noise with any road works, especially with resurfacing; however we will try to keep this to a minimum.

Traffic management will generally be from 8pm until 6am each night under 5-way traffic lights. We may put the lights on earlier if traffic flows allow which will help minimise the impact on residents.

If you have any concerns or queries about the information contained in this letter, please feel free to get in contact with me on 07818 432183 or via email, talktous@knightsbrown.co.uk.

You can also find further information about the scheme on Gloucestershire County Councils webpage:
