Blank Areas = impossible in specified parameters

These are theoretical minimum times (i.e. no traffic or red lights) which take no account of actual road conditions but which provide a consistent figure for comparisons. The Ordnance Survey Path network is used for walking journeys to the nearest bus stop. Some footpath networks in rural areas are not included e.g. Public Rights of Way

Uses public transport network from January 2025. Applies to journeys starting from 10am on a Tuesday
