

cyber protect

This Cyber Protect session provides practical online safety guidance for those working with children and young people. It explores how young people use the internet, apps, social media, and online gaming, highlighting both benefits and risks.

The presentation covers key online harms including cyberbullying, online grooming, sexting, and sextortion. It explains warning signs, impacts, and how to respond, with clear advice on prevention, reporting, and support. The session builds confidence in having effective conversations and supporting young people to stay safe online.
