

Kingsway and Quedgeley Locality Map and Guide

Introduction

Thinktravel provides you with information about sustainable travel choices in your local area. Making a few simple changes to your travel patterns can help create a more sustainable community for all; economically, socially and environmentally.

The Thinktravel website allows you to view cycle and walking routes in Gloucestershire, the latest bus routes and plenty of useful tips on how you can save money through making small changes on your journeys around where you live.

The website will also keep you up to date on sustainable travel news in Gloucestershire and also provides information on community events that may be coming to your local area

Project sponsored by

Making the Most Out of Your Local Neighbourhood.

This map has been produced as part of the **Thinktravel** programme. The programme aims to help people make more sustainable travel journeys especially for short local trips.

To get the most out of your community, this map provides an overview of amenities that are easily accessible and close to your home or workplace. It can be used to highlight destinations in your local area, their proximity via sustainable travel routes and provide the information to better plan your journeys in the area to save you time and money.

This map includes (amongst others) the neighbourhoods of **Kingsway, Quedgeley and Hardwicke**.

There is a comprehensive and frequent public transport network linking the locality map area to the centres of Gloucester & Stroud. To find out more information please go to the **Thinktravel** website to view the latest bus route maps.

Walking and Cycling

Why not try walking or cycling for work and leisure trips?

Quedgeley and Kingsway have a mixture of dedicated traffic free cycle routes and quiet residential roads linked to Gloucester. Cyclists can access the National Cycle Network Route 41/45 along the canal towpath from Rea Bridge and Sims Bridge to cycle or walk into Gloucester. The Gloucester and Sharpness Canal boarders the west of Quedgeley and provides relaxed access to countryside. Why not visit www.canalrivertrust.org.uk for more information.

Cycling is one of the cheapest ways of getting around. You can cover more than 2 miles in 25 minutes. It's also a great way to keep fit and healthy. Did you know that cycling for 20 minutes a day at 10mph burns 90 calories?

You can plan your cycle route on the **Thinktravel** website, and compare the cost of cycling to other modes of transport using the **Thinktravel my Journey Calculator**.

Public Transport

Rail

There are two stations of equal distance from Quedgeley: **Stonehouse** to the south serving Stroud/London/Swindon/Gloucester/Cheltenham and **Gloucester** to the north serving Birmingham/Cardiff/Bristol.

Cam & Dursley rail station is located within 10 miles serving Gloucester/Bristol.
