

North of Roundabout to Gloucester

Exit from Roundabout towards Gloucester

The existing approach layout to the roundabout will be retained however, on the roundabout exit the road will be widened to include another exit lane. This will work in conjunction with the other changes to improve the flow of traffic to and from the roundabout. In addition, a new footpath will be installed on the west side linking the A38 with Quedgeley West Business Park assisting pedestrians and enabling cyclists to bypass the roundabout.
